**How to Reach Sankt Georgen By Car
From the direction of Munich**

- If you come to the "Offenbacher Kreuz" (A 3 crossing A 661) from the direction of Munich / Würzburg, get into the lane for the A 661. Immediately after that, follow the signs to the B 3 in the direction of "F-Sachsenhausen".
- After 3 km, the B 3 turns right (direction "Stadtmitte"); you are now on "Darmstädter Landstraße".
- After having passed two breweries, at the foot of the hill, turn right in the direction of »Offenbach«. You will find yourself now on »Offenbacher Landstraße«.
- Go straight on for about two kilometers; after a while you follow the trolley line. Between the districts of Sachsenhausen and Oberrad (to your left: trees and fields) you will pass the long wall of Sankt Georgen. Do not miss the entrance with the large old gate, house number 224.
