

Scholarship for foreign doctorate and licentiate students

Sankt Georgen awards **for the year 2021** a (partial)scholarship to committed foreign doctorate and licentiate students amounting to **up to 4.500 Euro**.

The scholarship will be awarded for the following purposes:

- **For a special commitment in the international context at Sankt Georgen**
(Examples are: Activity as speaker in the group of the foreign postgraduate students and/or collaboration in the AStA as elected member or as guest; participation at the Sommerfest by a scientific presentation or participation in the organizing committee; voluntary work in a parish/parish group or a public lecture, followed by exchange of experiences among the foreign students)

or

- **For the completing of the graduation**
(In this case, the studies must be finished within one year)

Prerequisite for both purposes are good academic achievements.

Students, who get already a full scholarship from other organisations, are excluded from the application. Students who get a scholarship of 750 Euro per month or less can apply. In this case, a partial scholarship up to an amount of 1.200 Euro per month can be granted. (Example: Who receives a scholarship from a different organisation of 650 € per month, can get a partial scholarship of 550 Euro.)

For students who have a cross income from employment of more than 450 Euro per month, the scholarship must be reduced by exactly this additional amount. (Example: When the monthly gross income is 520 Euro, the scholarship must be reduced by 70 Euro.)

Candidates are requested to send their applications **by December 11th, 2020** to the secretary of the faculty, Petra Muth. The following documents are required:

- Letter of motivation:
 - For the scholarship for a special commitment: description of the activities
 - For the scholarship for the completing of the studies: Proof that the graduation will be completed within one year and description of the financial situation, if applicable
- Proof of performance
- Reference letter of the study supervisor
- Where appropriate: Proof of a different scholarship or of income from employment

The students will be selected by the »Förderungsausschuss«.
