

## Scholarship for foreign doctorate and licentiate students

Sankt Georgen awards **for the year 2022** a (partial)scholarship to committed foreign doctorate and licentiate students amounting to **up to 4.500 Euro**.

The scholarship will be awarded for the following purposes:

- **For a special commitment in the international context at Sankt Georgen**

(Examples are: Activity as speaker in the group of the foreign postgraduate students and/or collaboration in the AStA as elected member or as guest; participation at the Sommerfest by a scientific presentation or participation in the organizing committee; voluntary work in a parish/parish group or a public lecture, followed by exchange of experiences among the foreign students)

➤ Funding period: up to 12 months

or

- **For the completing of the graduation**

(In this case, the studies must be finished within one year and a financial bottleneck must be given)

➤ Funding period: up to 6 months

Prerequisite for both purposes are good academic achievements.

Students who get already a full scholarship from other organisations, are excluded from the application. Students who get a scholarship of 750 Euro per month or less can apply. In this case, a partial scholarship up to an amount of 1.200 Euro per month can be granted. (Example: Who receives a scholarship from a different organisation of 650 € per month, can get a partial scholarship of 550 Euro.)

For students who have a cross income from employment of more than 450 Euro per month, the scholarship must be reduced by exactly this additional amount. (Example: When the monthly gross income is 520 Euro, the scholarship must be reduced by 70 Euro.)

Candidates are requested to send their applications **by December 17<sup>h</sup>, 2021** to the secretary of the faculty, Petra Muth. The following documents are required:

➤ Letter of motivation:

- For the scholarship for a special commitment: description of the activities
- For the scholarship for the completing of the studies: Proof that the graduation will be completed within one year and description of the financial situation

➤ Proof of performance

➤ Reference letter of the study supervisor

➤ Where appropriate: Proof of a different scholarship or of income from employment

If more than one application is received, the amount can also be divided among several students. The students will be selected by the »Förderungsausschuss«, expected by the end of February 2022 at the latest.
